Task 2: Error Troubleshooting Task

1. EPIMS9400 - Missing WA08 Assignment Code

- **Issue**: The field "WA08" must contain a valid assignment code. It can not be blank or null.

  For example:

  - **Rudd, Paul (WA08 is missing)**

  - **Joy Randolph, Da'Vine (WA08 is missing)**

  - **Gomez, Selena (WA08 is missing)**

  - **Martin, Steve (WA08 is missing)**

  - **Streep, Meryl (WA08 is missing)**

  - **Lynch, Jane (WA08 is missing)**

- Fix: I would add the correct assignment code for each person listed.

2. Missing Schedule Term Column

- **Issue**: Based on the Data Layout, the "Schedule Term" column is missing from the Example Class Data.
- **Fix**: I would include the "Schedule Term" column to specify which term (like Fall or Spring) the schedule applies to.

3. Missing Gradebook Access Column

- **Issue**: Based on the Data Layout, the "Gradebook Access" column is missing.
- **Fix**: I would add the "Gradebook Access" column to show who has access to the gradebook.

4. EPIMS6750 - Co-Teaching Assignment Must Be Between 2 and 4

- **Issue**: Since Martin, Steve is the co-teacher and co-teaching assignment will be only one. This will trigger the error.

- **Fix**: I would add more co-teachers.

5. EPIMS6770 - At Least Two Co-Teachers Required

- **Issue**: The rule says there must be more than one co-teacher, but **Steve Martin** is the only one listed.
- **Fix**: I would either add another co-teacher or update the data to show that only one is needed.
